Your branch of study?

 Copy

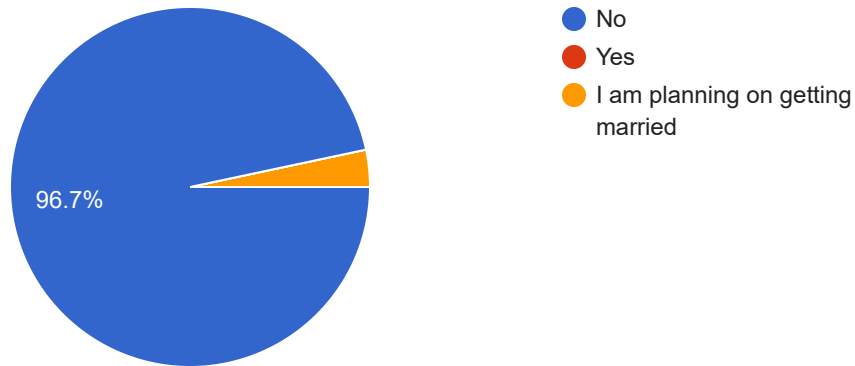

31 responses

Are you married now

 Copy

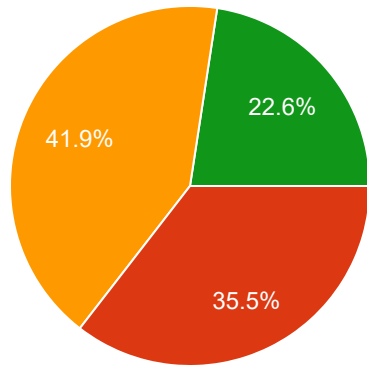

30 responses

What are your activities right now?

31 responses

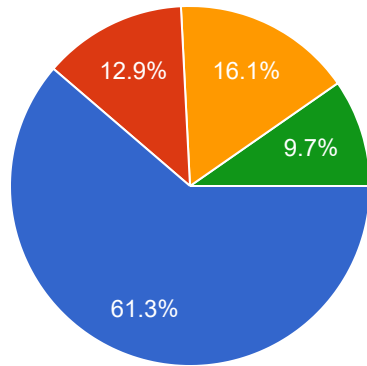

- Am still studying in SITAM
- I completed my study at SITAM
- I am engaged in a private job now
- Job search
- I am self employed

What type of job are you planning to take up after present study ?

31 responses

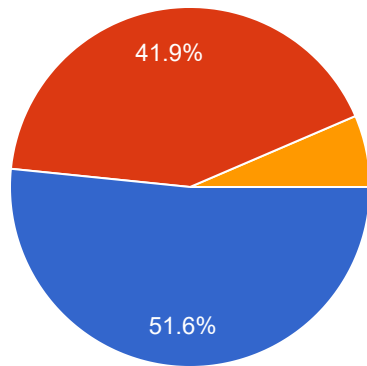

- Multi national Companies
- Government sector
- Research Organizations
- Business person
- Teaching career

Do you think the knowledge acquired through the course-work helped you?

31 responses

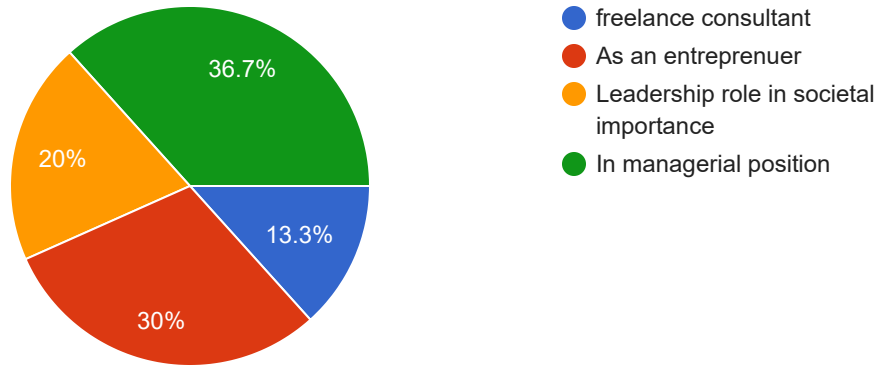

- Yes, the coursework is really helpful
- They helped up to an extent
- No. They were not of much use.

Where do you see your self after few years of graduation ?

 Copy

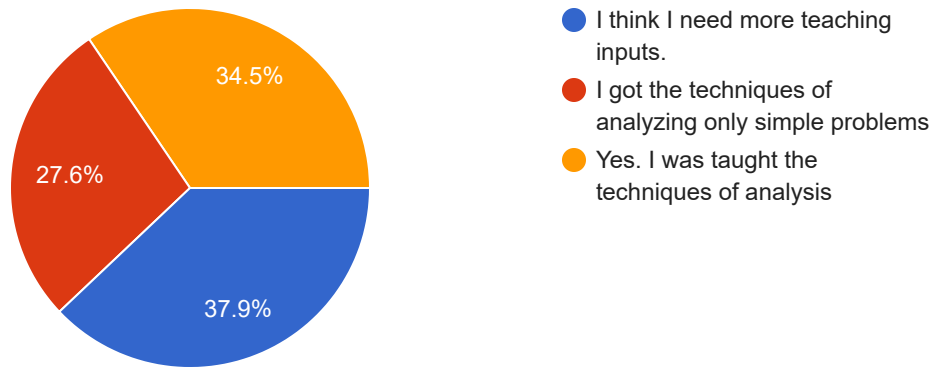

30 responses

Were you taught the techniques of analyzing a general engineering problem?

 Copy

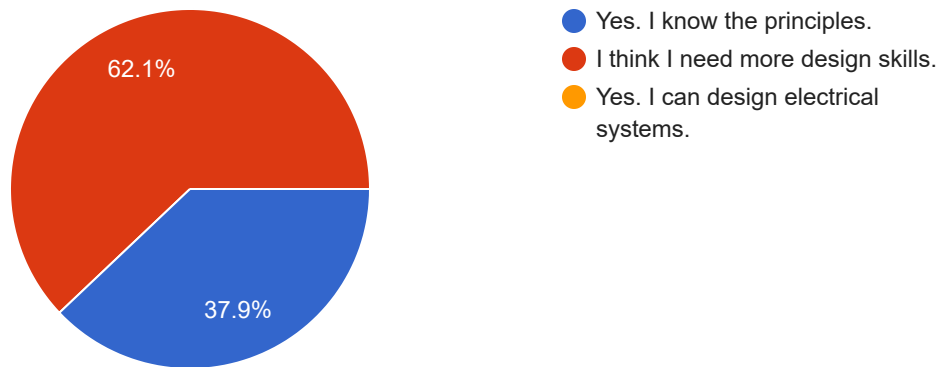

29 responses

Did you learn the concepts of designing systems under real-life constraints?

 Copy

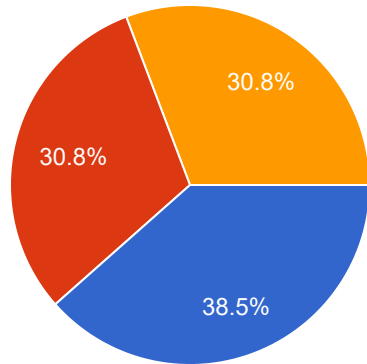

29 responses

Can you propose a feasible solution to an engineering problem by making suitable assumptions?

26 responses

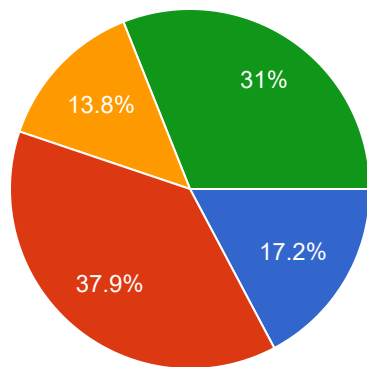

- I can do with some help.
- Yes, I can understand the problem.
- Yes, I am confident about it.

Can you use modern tools and technologies relevant to your engineering domain? Such as AutoCAD for drawing, MATLAB for computation etc.

29 responses

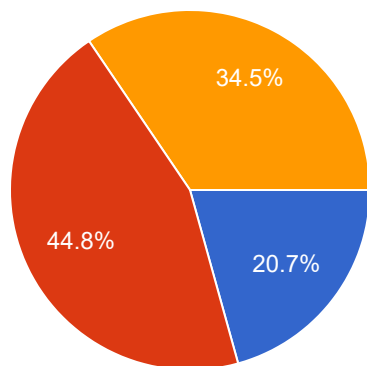

- I am totally unaware of these tools
- Yes, I know quite a few of them
- Yes, I can do with some learning.
- Yes, I am aware of the tools.

Do you think the courses at SITAM prepare you to shoulder societal responsibilities?

29 responses

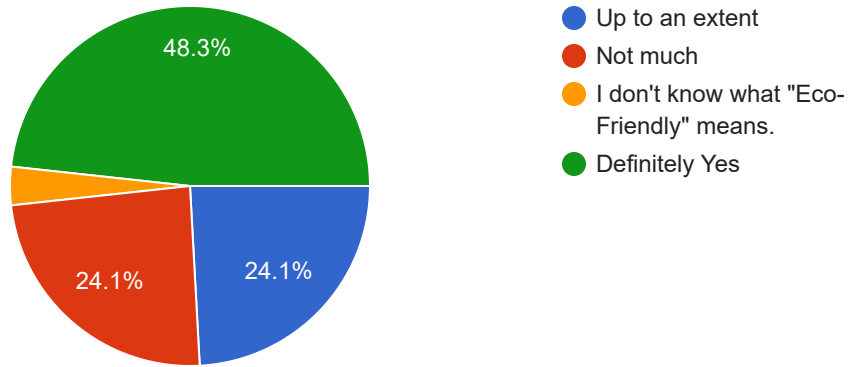

- Not really.
- I got some input regarding that
- Yes, they gave me lot of input

Can you propose eco-friendly solutions to engineering problems?

 Copy

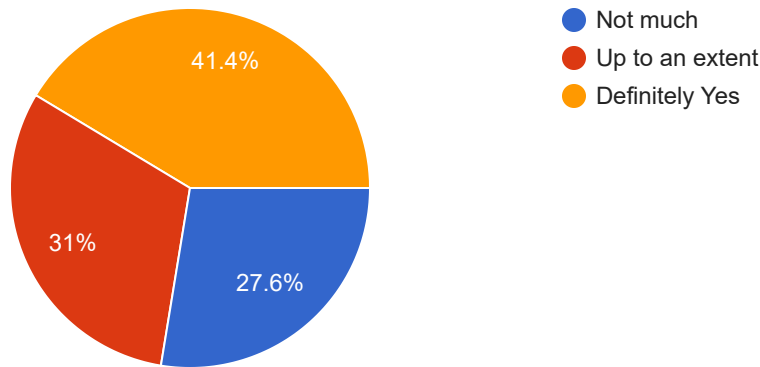

29 responses

Can you find and follow ethical code of conduct in your professional transactions?

 Copy

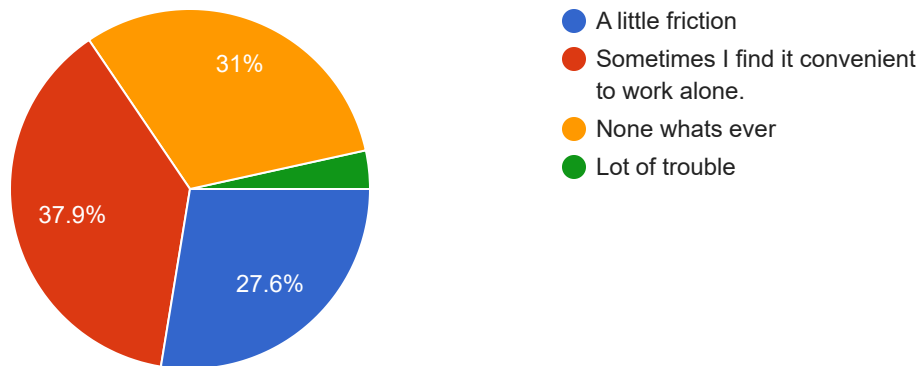

29 responses

Did you ever have problems working in a group?

 Copy

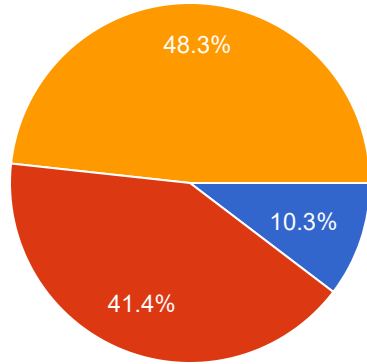

29 responses

Are you comfortable in a challenging situation?

 Copy

29 responses

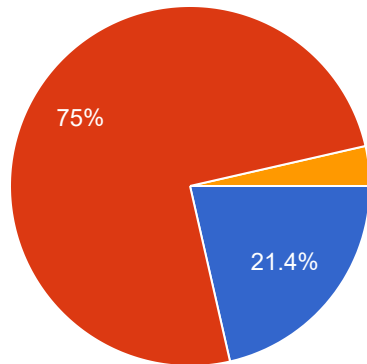

- I find it difficult to deal.
- I can manage with some stress.
- Yes, very comfortable.

Do you want to upgrade your knowledge about emerging technologies?

 Copy

28 responses

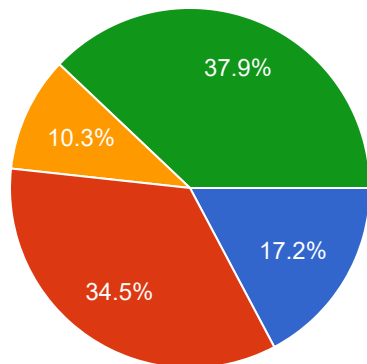

- I will try for some time.
- Yes, I will spend considerable amount of time
- I will let others figure it out and inform me

Can you draft a professional document in English?

 Copy

29 responses

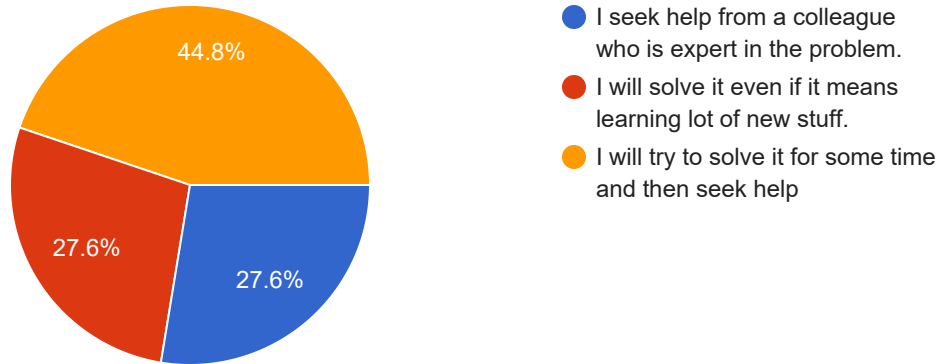

- I seek help of others in doing that.
- Yes, I can certainly do that
- I can draft in my language but need translator to put it into English
- Yes, I can certainly do that.

When you come across a problem about which you have no prior experience, what will you do?
